Community Collaboration Deck

WELCOME TO THE FUTURE

FOZEUS

Where Blockchain meets Artificial Intelligence (AI)

Our Vision

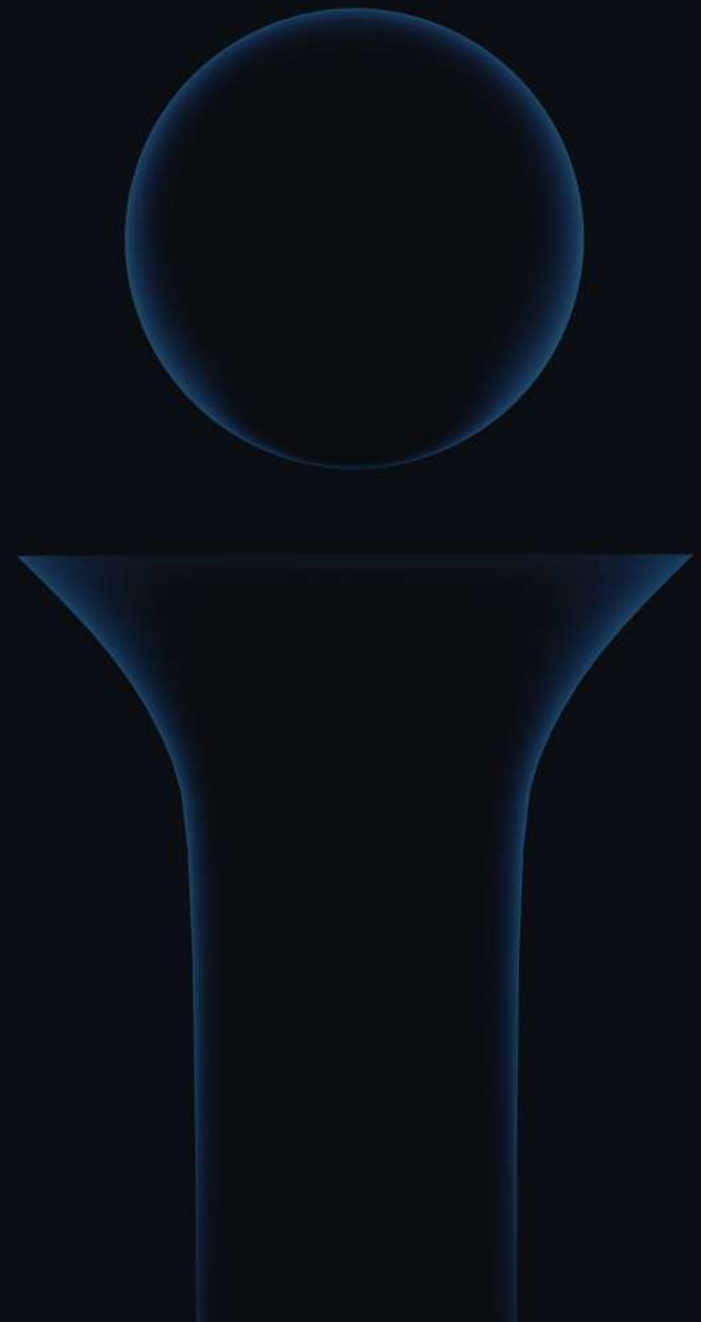
Revolutionizing industries with cutting-edge technology

Core Technologies

Blockchain and Artificial Intelligence (AI)

Key Offerings

A diverse ecosystem of innovative products



PROBLEM STATEMENT
The Challenge

Blockchain Scalability

Blockchain networks struggle to scale efficiency as transaction volumes increase

Data Privacy and Security

Ensuring the highest level of data security while maintaining privacy is a constant battle

Smart Contract Optimization

Maximizing the efficiency and utility of smart contracts remains a challenge

OUR SOLUTION
The Fozeus Advantage

AI-Powered Scalability

Our cutting-edge AI algorithms dynamically adjust blockchain parameters for optimal scalability

Read full plan →

Enhanced Security

AI-driven threat detection and encryption provide unmatched data protection

Read full plan →

Smart Contract Intelligence

We optimize smart contract execution for efficiency and cost-effectiveness

Read full plan →

MARKET OPPORTUNITY

The Lucrative Market

AI Integration

AI in the blockchain market projected to grow at a CAGR of 75%

Blockchain Industry

Expected to reach $39.7 billion by 2025

Diverse Use Cases

Media, Gaming, Finance and more industries can benefit

FOZEUS ECOSYSTEM

An environment where technologies will be introduced

Fozeus SocialFi

11K+ users

The Future of Social Media

https://fozeus.com

Our flagship platform offers profiles, posts, stories, communities, and more

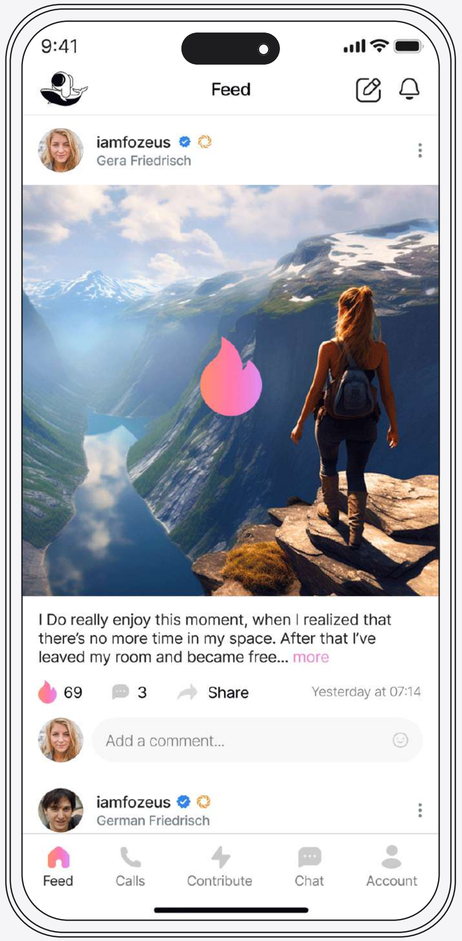
Cutting-edge Features

End-to-end encrypted immersive Chat and Calls, Generative AI, implementation of digital assets

Cross-platform

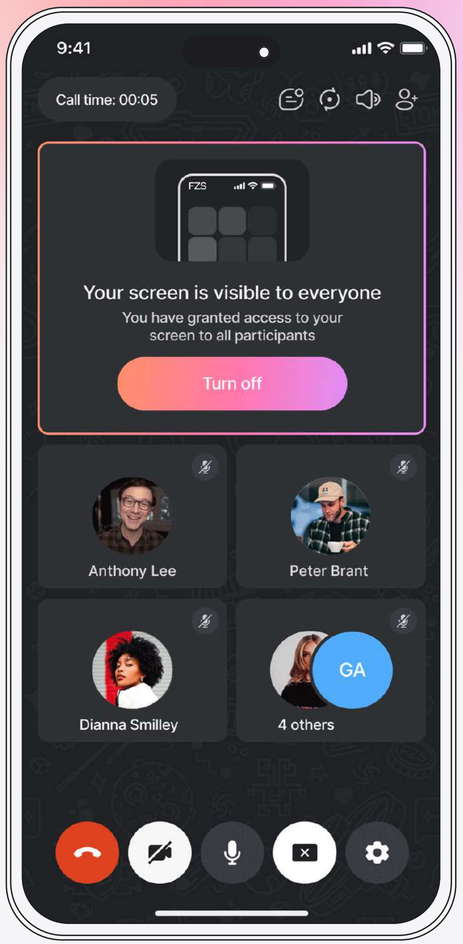
Desktop and Mobile versions are live, availability in major App Marketplaces

Live



Live

In progress



Gaming Industry Entry

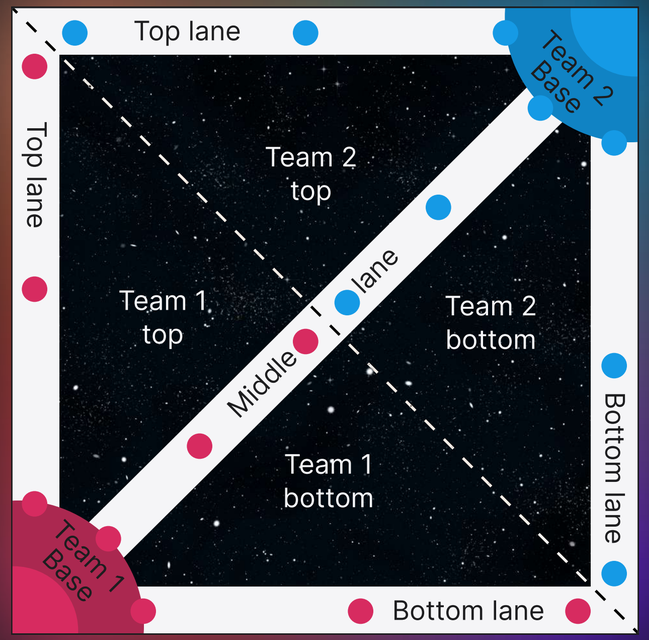
Gaming Meets Blockchain & AI

Genre

MOBA - Multiplayer Online Battle Arena

Future

VR implementation with AI-driven augmented reality



Engaging Gameplay

Players control unique heroes, with skill upgrades during matches

Unique Selling Point

In-game NFTs for hero & map purchases, battle passes, subscriptions, eSports & Tournaments

Fozeus Blockchain

Building Trust in the Crypto Industry

Innovation

A native blockchain with the core AI technologies

Reputation

Introducing the Fozean language for blockchain development

Complementary Tools

Decentralized Exchange and Wallet to support blockchain assets

Open Collaboration

Consensus building through hackathons

AI Integration Across the Ecosystem

Empowering with AI

AI-enhanced user experiences

Across all Fozeus ecosystem products

Generative AI

Assisting users seamlessly

Augmented Reality

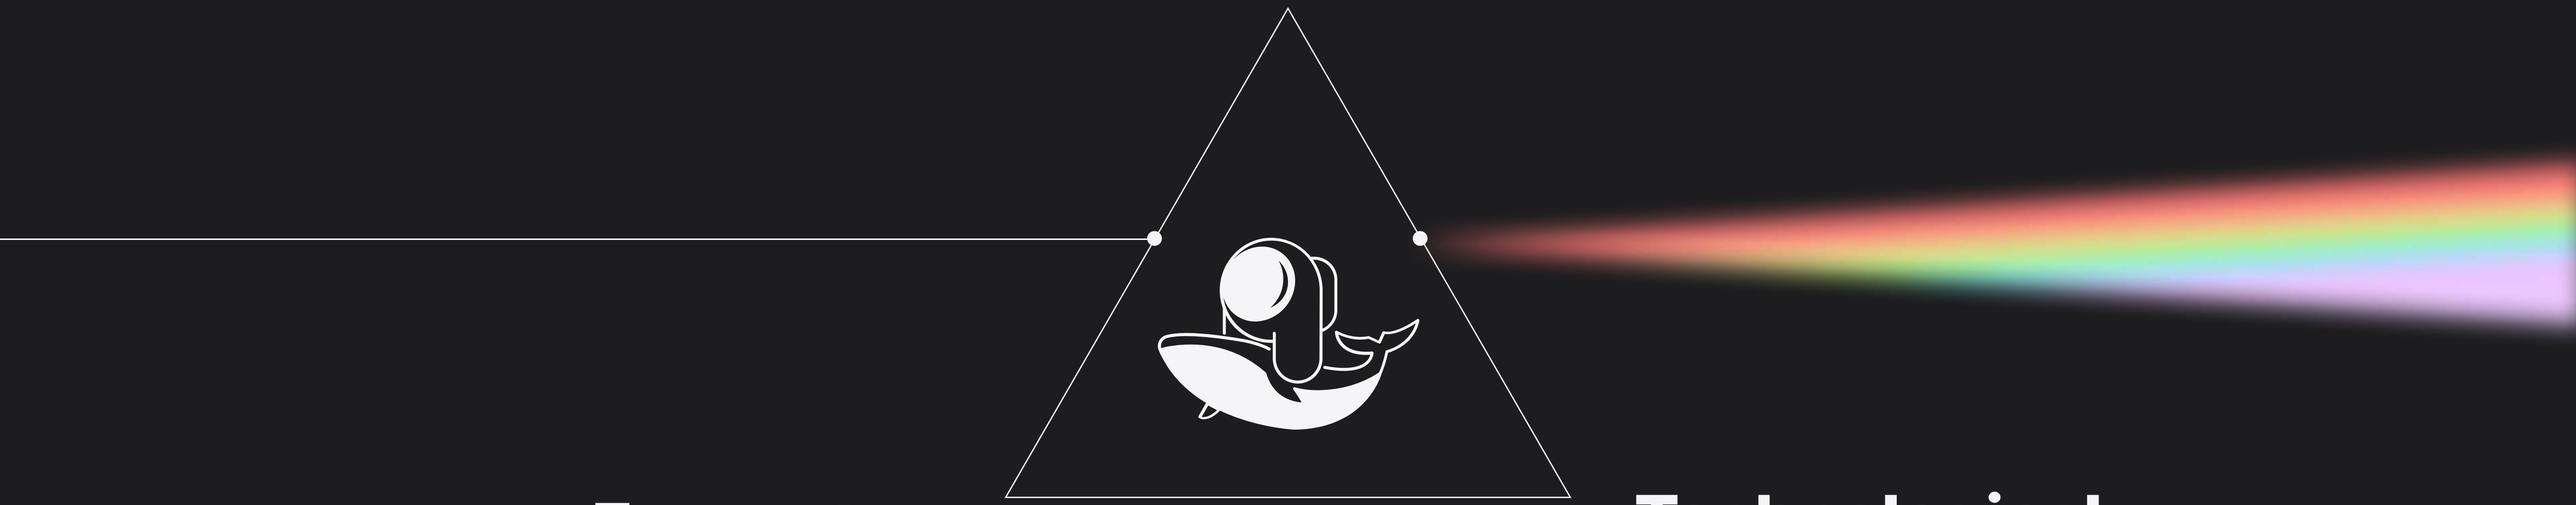
Enhancing calls, gaming and more

Fozeus NFT Innovation

Redefining NFTs

https://fozeus.me

Fozeus NFTs go beyond collectibles unlocking the full potential of non-fungible tokens



Ecosystem Integration

Utilized across Fozeus products

Technological Breakthrough

Setting new standards in the field

Fozeus Business

Access to a Massive User Base

https://fozeus.fr

Where the merchant pays
a monthly fee for the opportunity to sell
goods within the ecosystem to its users

Diverse Offerings

Digital and physical products

Ambition

Aspiring to become the largest
decentralized marketplace

Fozeus Finance

Spend Digit Assets Globally

https://fozeus.fi

Fozeus Crypto Card allows users to spend their digital assets at 80+ million merchants worldwide

Seamless Transfer

Move funds from Fozeus ecosystem products to the Crypto Card

Global Acceptance

Spend crypto anytime, anywhere

Fozeus Metaverse

Building the Ultimate Virtual and Augmented Reality

Integration

Enhancing conference calls, gaming, and more with AI-powered virtual and augmented reality technologies

---

Vision

Ultimate goal of a complete virtual and augmented reality experience

---

Scaling with 6G

Preparing for the future with ultra-fast 6G networks by 2030

Fozeus Competitive Edge

Why Fozeus Stands Out

What Sets Fozeus Apart

Fusion of Blockchain and AI

Use of a unique combination

Comprehensive Ecosystem

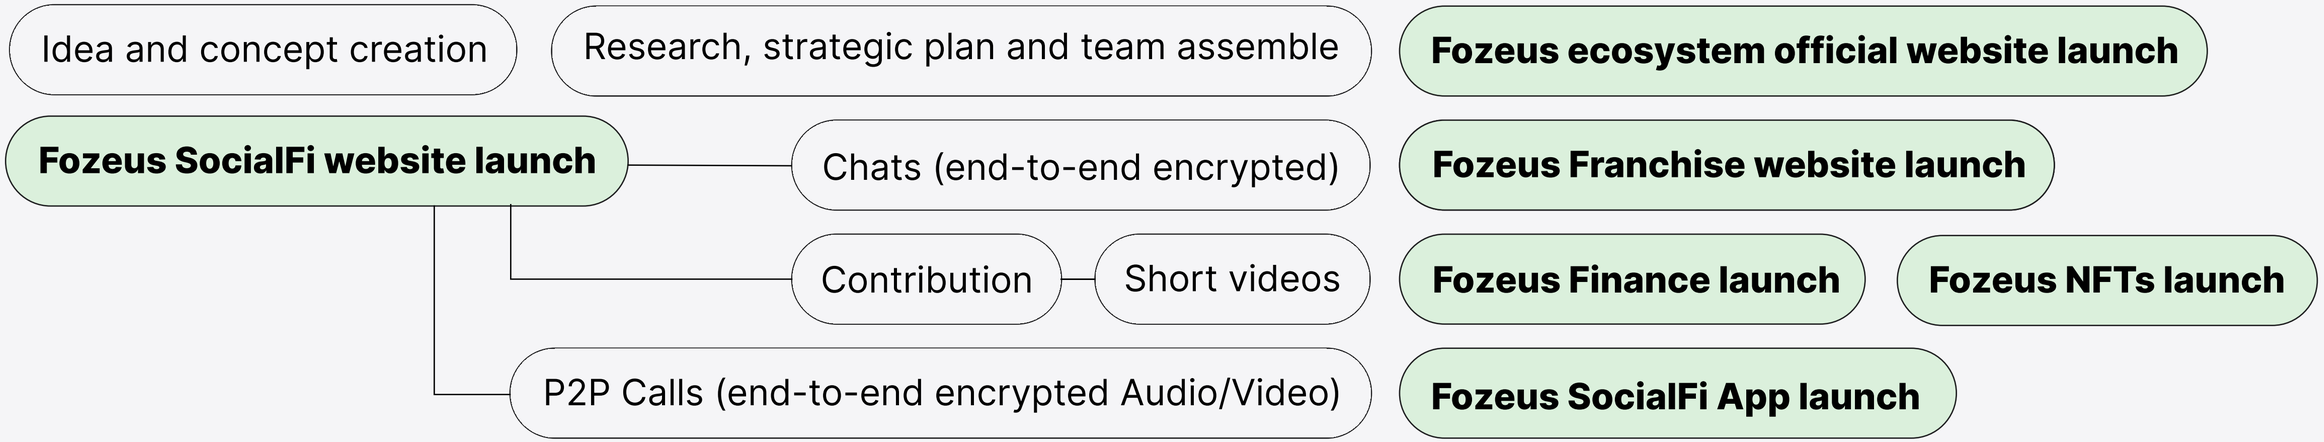
Diverse audience and solutions

Strong Team and Advisors

Diverse audience and solutions

ROADMAP
& MILESTONES ACHIEVED

2021-2023



Backend, Frontend, Flutter and Management team expansion

Formation of a Marketing Team

Formation of a AI-blockchain development team, preparation of technical specifications

ROADMAP & UPCOMING MILESTONES

2024

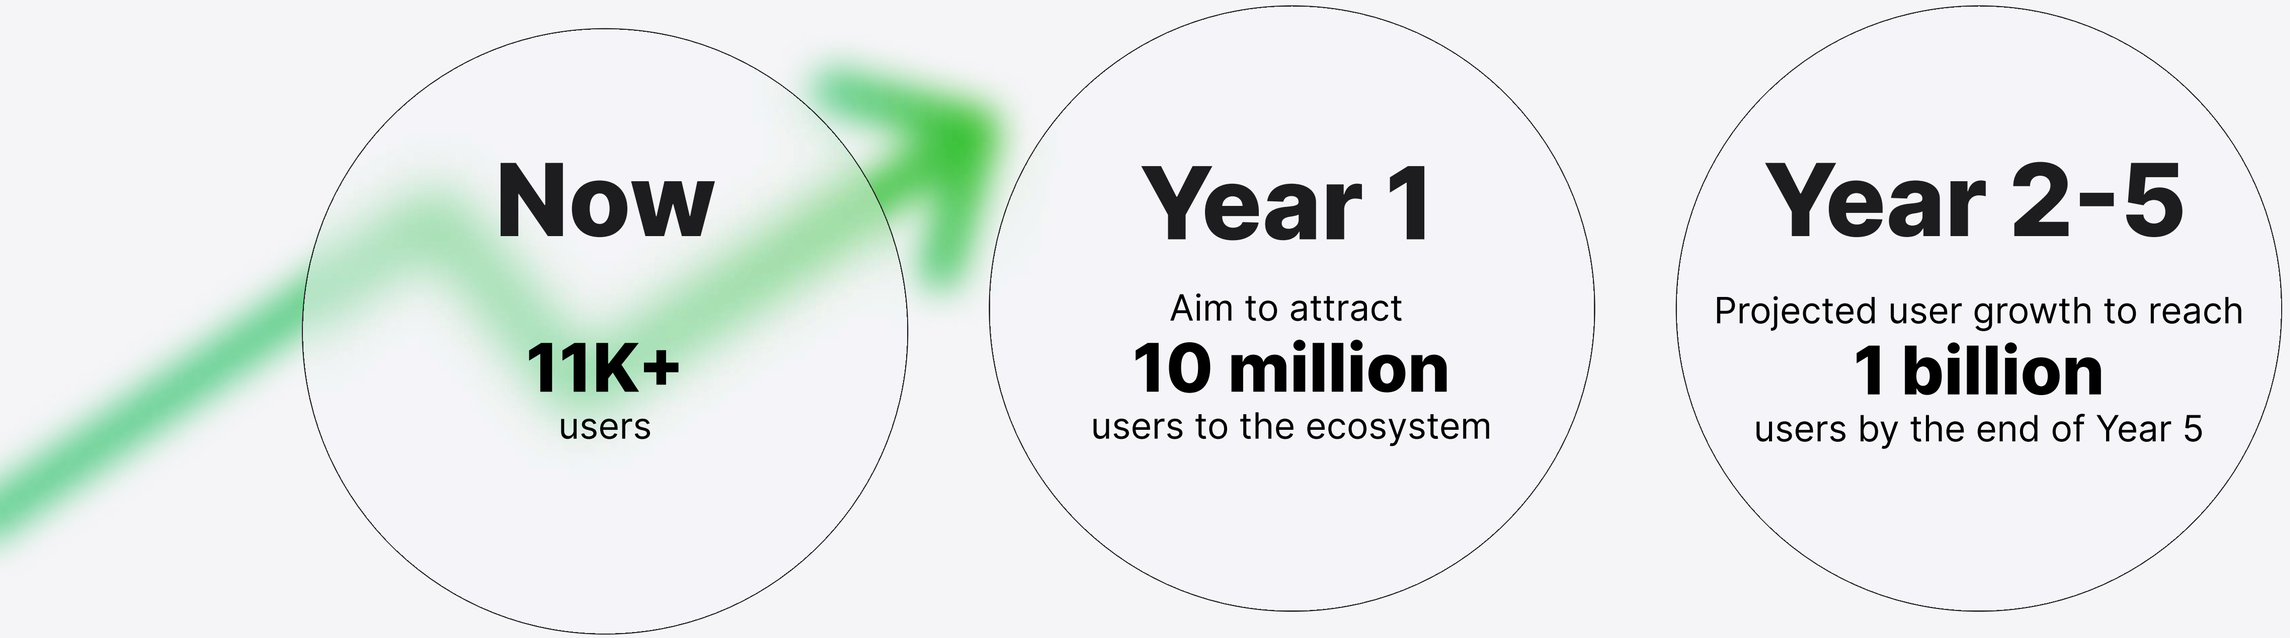
- Fozeus SocialFi Monetization
- Fozeus NFT Monetization
- Fozeus Finance Monetization
- Blockchain Development Start
- AI integration
- Marketplace
- **Fozeus Business launch**
- Gaming Team Formation
- **Fozeus SocialFi App/Web launch**
  - Group Calls (end-to-end encrypted)
    - Schedulled Calls (end-to-end encrypted)
  - Link Calls (end-to-end encrypted)
    - Dating (picture, video roulette, interactive games)

2025-2026

- **Start and Launch of the game beta version**
- **AI-Blockchain launch**
- **Implementation of technologies based on AI and blockchain**

Goal:
to attract 1 billion users in 5 years

USER GROWTH



Now
11K+
users
Year 1
Aim to attract
10 million
users to the ecosystem
Year 2-5
Projected user growth to reach
1 billion
users by the end of Year 5

REVENUE MODEL

Generating Income

Blockchain

Artificial Intelligence

Fozeus Ecosystem

THANK YOU

We're Excited to Collaborate and Innovate!
